International Security The Contemporary Agenda 2nd edition ...

So, in the new international system, with only one superpower, the security agenda has changed dramatically. The old cold war security debate continues between the "narrowers" and the "wideners," that is, those who see security as hard, military security, and those who claimed that as all events were based on conflicting structures,

International Security - Encyclopedia of Life Support Systems

International Security publishes lucid, well-documented essays on all aspects of the control and use of force. Its articles cover contemporary policy issues, and probe historical and theoretical questions behind them.

Project MUSE - International Security

International security, also called global security, is a term which refers to the measures taken by states and international organizations, such as the United Nations, European Union, and others, to ensure mutual survival and safety. These measures include military action and diplomatic agreements such as treaties and conventions.

International security - Wikipedia

Contemporary Security Studies provides an introduction to Security Studies. It features a wide breadth and depth of coverage of the different theoretical approaches to the study of security and the ever-evolving range of issues that dominate the security agenda in the twenty-first century. In addition to covering a large range of topical security issues, from terrorism and inter-state armed ...
