Kohler 7.3e 117 hrs - carb replaced less than 30 hrs ago. The gen has been running fine last time I used it about 5 weeks ago. Usually run it 1/2 hr every 2 wks under big load. Last week it stopped after 10 mins. Had some trouble restarting it but was able to get it going for another 10 mins then I shut it off.

My kohler marine generator (7.3E) quits after running for approx 6 minutes. Appears to be running out of fuel. The unit is plumbed into the same valve that supplies my main engine (which runs with no issues). I have changed filters, and confirmed fuel supply with same results. Don't know what to look at next.
