Leave The Capital is a 2017 book written by the English rock drummer and writer Paul Hanley on the history of recording in Manchester. It was published by Route Publishing in November 2017. Hanley was the drummer in The Fall from 1980 to 1985. He currently plays with Brix & The Extricated

### Leave The Capital - Wikipedia

Leave The Capital is a fascinating and informative tale of how music evolved in the 60's through to the noughties with a particular emphasis on the Manchester music scene. The author has a really fresh and authentic voice which presumably comes from his writing ability backed up by his perspective of being both a musician and a fan.

The U.S. Capitol is a landmark of neoclassical architecture. Its designs derived from ancient Greece and Rome evoke the ideals that guided the nation's founders as they framed their new republic. Within the building you will find majestic paintings, sculptures, and other works of fine art that depict various periods in American history.

It's history, it's the past, it had some small impact on the world for sure, but there is no "evidence" of it and it is not deemed "important" in larger historical narrative and trajectories. History with a big "H" is the study of the past, the writing of the past. It's the history that we know and have access to.
